The figure is a Gantt chart illustrating a project schedule. The horizontal axis represents time, with columns for each day of the week, labeled with abbreviations: L (Monday), M (Tuesday), M (Wednesday), G (Thursday), V (Friday), S (Saturday), and D (Sunday). The dates are indicated at the top of each column: 15 lug 24, 22 lug 24, 29 lug 24, 5 ago 24, 12 ago 24, 19 ago 24, 26 ago 24, 2 set 24, 9 set 24, and 16 set 24. A red bar spans from the start of the 15 lug 24 column to the end of the 19 ago 24 column, representing a task duration. A vertical line is drawn at the end of the 19 ago 24 column, marked with a black diamond symbol and the number 19. A thick black arrow points from the red bar to this vertical line. The chart is set against a background with alternating light gray and white vertical stripes.
